

Two institutional best practices

Following are the two best practices practiced by the Institution in Last One Year

Best Practice no I

1. Title of the Practice - Health Awareness Campaign

2. Objectives of the Practice

- To make society Health Conscious.
- To foster health measures among the rural masses .
- To engage students in the health education .
- To minimize the health risk of the stakeholders .
- To create caring attitude among the individual .
- To make healthy decisions of the individuals and create control over life's circumstances.
- To create conditions that are conducive to health .
- To prevent leading issues of life loss as death , diseases , tobacco, HIV/AIDS/ STDs, Drug Alcohol, Violence and Injuries, Unhealthy Nutrition.

3. The Context

College is located in rural area. Rural region suffers from the shortage of the basic health and hygiene facilities. Taking in to consideration the college initiates health awareness campaign in this region. Even the management of the society has mission to spread the health developmental facilities in the rural region. Management of the society initiates its practice by starting its own Hospital in Amravati. Masses of this region is totally unaware about the self physical ailment and even do not know about the self blood group , level of BP, Sugar in routine life. Poverty is another cause by which they do not like to offer treatment in the cities. College is located in saline belt. The level of TDS of water is more which increases illness even the negligence to the oldies is another issue in the daily busy life. College creates care by organizing Eye Checking Camp

4. The Practice

Since academic year 2018-19 college practice health awareness campaign. Year wise Following Programmers are conducted.-

Academic Year	Title of the Practice	Date of Organization	Place of Organization
2018 - 19	International Yoga Day	21/06/2018	Ramkrushna Mahavidyalaya Darapur
	Blood Donation Camp	13/07/2018	Ramkrushna Mahavidyalaya Darapur
	Dental cheek-up Camp	18/07/2018	Ramkrushna Mahavidyalaya Darapur
	AIDS awareness Rally	01/12/2018	Darapur

5. Evidence of Success

Academic Year	Title of the Practice	Date of Organization	Evidence of Success
2018 - 19	International Yoga Day	21/06/2018	107 persons benefitted with the camp
	Blood Donation Camp	13/07/2018	45 persons benefitted with the camp
	Dental cheek-up Camp	18/07/2018	210 persons benefitted with the camp
	AIDS awareness Rally	01/12/2018	Awareness is created Record is with College

6. Problems Encountered and Resources Required

- Difficult to create awareness
- Rural people are busy in the farming so it is difficult to manage on their timing
- Prescribed medicine by doctor is not available in the rural region
- In Free Eye checking camp patient did not show willingness to purchase spectacles.
- Not willing to do tests suggested by the Doctors

7. Notes

- College located in the rural area has mass appeal to these types of the programmes. Health is the major issues now a day in every aspects of human life. Rural area is generally neglected in the health point of view. Health Awareness Campaign creates awareness among the rural people about the health and the physical problems and sufferings. The other institution can adopt such practices and can enhance the health. Issues and suffering of the poor rural people.

Best Practice no II

1. Title of the Practice - Students Research Project

2. Objectives of the Practice

- To create research aptitude among the students
- To create problems solving attitude among the students
- To create opportunity to work with an expert supervisor on a research project
- To create process of learning , reviewing , understanding and explaining scientific methods
- To learn the basics of the academic problems and its solution
- To learn the skill of scientific report writing

3. The Context

- Our college is located in the rural area. The background of the student is related with the farming. They get only traditional sort of training and the academic courses. College implements the practice to enhance the liking of the students in the subject. Students are no so related with the aspects of research. The practice is not generally governed on undergraduate level. Resources of the rural students are very limited. Teachers have to govern the practice through the difficulties of the limitations. Students are not very much prone with the research and the contemporary scenario in the subject. Research topics are to be suggested by the teacher and most of the designs to be followed by the teacher. To create more understanding about the research and the problems in the subject, student research projects are assign by the teacher.

4. The Practice

Academic Year	Subject	Title of the Project	Duration	No. of Students
2018-19	Geography	Geographical Project on Chikhaldara	18/02/2019 (One Day)	33
	Home -Economics	Vadhte Vrudhasram Ek Samsya	(One Day)	12
	Cooperation	Gramin Bhagatil Bachat Gatache Karya	(One Day)	22

5. Evidence of Success

Academic Year	Subject	Title of the Project	Evidence of Success
2018-19	Geography	A Geographical Study and Survey of Chikhaldara	<ul style="list-style-type: none"> • Research Project is prepared by the students • Project Report Copies are with the Department • Students made note of the place and got knowledge about the region
	Home -Economics	Vadhte Vrudhasram Ek Samsya	<ul style="list-style-type: none"> • Research is carried out • Research Project is prepared by the students • Project Report Copies are with the Department • Girls came to know out the importance of diet and about the remedies
	Cooperation	Gramin Bhagatil Bachat Gatache Karya	<ul style="list-style-type: none"> • Research is carried out • Research Project is prepared by the students • Project Report Copies are with the Department

6. Problems Encountered and Resources Required

- Students are not serious about the research
- Students have not any previous base of the research.

- Students do not review all of the information available
- Students have committed plagiarism
- Difficult for them to perform in the limited recourses
- Irregularity is another issue to be discussed. Research required continuous observation and the field visit. Farming background creates hurdles in the way of the continuation and performance of the practices.
- Problem of connecting the main points to the thesis statement ,adequate and relevant support for the assertions is not adequate.

7. Notes

Research work makes students aware about the research and the published work of the researchers. Students get exposure to the research work. It creates passion of the research among the students. Research projects done by the students enrich the library collection equally it leads to the guiding lamp to the fresher's. It creates interest of the fresher's in the subject. Through the research student can make career in the subject or in one area of subject which appeals to the individual during the undergraduate years.
